Subject: Microsoft Settlement

Hello,

I would like to express my frustration with the Proposed Final Judgement (i.e., the Microsoft Settlement). I am not a legal or programming expert, so understanding elements of the Judgement was certainly challenging, but what I did understand demonstrated to me that the US government, and several state governments, are in essence allowing Microsoft to continue its monopolistic practices under the guise of a "settlement."

I disagree with the Proposed Final Judgement as it stands.

Thanks,
